Global HealthShare® initiative: Summary and Operational Strategy

The power of sharing –
A new paradigm for nutrition and health in the 21st century.

Last updated Sept 2012
About Our Initiative

Global HealthShare is a completely project-based program that identifies innovative, market-driven solutions to improve health and generate economic growth in the developing world.
Mission

To promote global health and wellness through the power of sharing knowledge, technology and resources.
To increase global economic citizenship, one healthy village at a time.
The Global Economic Pyramid

1 billion people live in the 21st century

1.5 billion live in the 20th century

2.5 billion live in the 19th century

2 billion live in Stone Age conditions

2.5 billion people are consumers with access to food & health products.

4.5 billion people are not currently part of the global economy

Potential market size for food and health is about $4 trillion
# Universities and Hospitals

**WORLDWIDE**
- Adventist Health International, with 175 hospitals and more than 300 clinics, **WORLDWIDE**
- OneWorld Health/PATH, **WORLDWIDE**

**NORTH AMERICA**
- Arizona State University, AZ, **USA**
- Loma Linda University, CA, **USA**
- Pennsylvania State University, PA, **USA**
- Pitzer College, CA, **USA**
- University of California, Davis, **USA**
- University of Virgin Islands, **USA**
- University of Guelph, **CANADA**
- University of Toronto, **CANADA**

**AFRICA**
- University of Botswana, **BOTSWANA**
- Human Needs Project, **KENYA**

**ASIA**
- Filaria Hospital, Syedpur, **BANGLADESH**
- Filaria Hospital, Savar, **BANGLADESH**
- Fuzhou University, Fujian, **CHINA**
- Kyoto University, Kyoto, **JAPAN**
- Ramakrishna Mission Vivekananda University, Belur, **INDIA**
- South China Agricultural University, Guangzhou, **CHINA**
Government, Industry, and NGOs

NORTH AMERICA
- California Institute for Food and Agricultural Research, Davis, CA, USA
- Creative Research Management, Stockton, CA, USA
- OneWorld Health, San Francisco, CA, USA
- PHL Associates, Davis, CA, USA
- PIPRA, Davis, CA, USA
- Sage Bionetworks, Palo Alto, CA, USA
- SoyLabs, LLC, Mexico, MO, USA
- ARS/USDA Western Human Nutrition Research Center, Davis, CA, USA

AFRICA
- Council for Scientific and Industrial Research (CSIR), Pretoria, SOUTH AFRICA

ASIA
- Directorate General of Health Services, Gov. of Bangladesh, BANGLADESH
- Institute for Allergy and Clinical Immunology, Dhaka, BANGLADESH
- International Center for Diarrheal Disease Research, Dhaka, BANGLADESH
- Nara Institute for Science and Technology, Nara, JAPAN
- OneWorld Health South Asia, New Delhi, INDIA
Projects in Development

For detailed project, visit:
